

CRMXBOXIP67

IP67 1 Universe CRMX Wireless Transceiver for exterior installation

ORDER CODE: **CRMXBOXIP67**

The **CRMXBOXIP67** is an outdoor transceiver designed for permanent exterior installations. Capable of functioning as either a transmitter or receiver, it handles one DMX universe, accommodating up to 512 channels.

The unit's compact form factor includes IP-rated screwed connectors for reliable power and signal connections. Its robust construction, featuring an IP67-rated enclosure and a vandal-resistant mounting cover, ensures durability against outdoor elements.

The device is user-friendly, equipped with an onboard display and buttons for straightforward setup. It is compatible with Lumen Radio CRMX and Wireless DMX G protocols, offering versatile integration options.

MAIN FEATURES

- IP67 Single Univers Wireless CRMX Transceiver unit
- Power IN and DMX In/Out through IP screwed connectors
- Either LumenRadio CRMX and Wireless DMX G transmission option
